Description :

PDF-c8cd8 | "What is poetry, how many kinds of it are there, and what are their specific effects?" Aristotle's *Poetics* is the most influential book on poetry ever written. A founding text of European aesthetics and literary criticism, it has shaped much of our modern understanding of the creation and impact of imaginative writing, including poetry, drama, and fiction. This brief volume brims with Aristotle's t... *Poetics (Oxford World's Classics)*
